

Lowell Mass Dec 20th 1852

Mr Wm Lloyd Garrison
my Dear Bro.

136
Mr W. C. Wood, the
Bearer of this letter, will hand
you a Book, entitled, the Life, Labours,
and travels of Edw Charles Bowler,
with an Essay on the Character
and Condition of the African Race.
And an Essay on the Injurious Slave
Law of the U. S. The Book has been
carefully compiled, and as far as
in my power it is made an
Anti Slavery work. I am not
able (on account of engagements)
to be in Boston for several weeks
yet. But Mr Wood is an authorised
Agent to circulate the work
for me, among the people white
and colored in Boston and vicinity.
Will you please accept the Book
presented to you by Mr Wood.
And if it will not be asking
too much from you, considering
your pressing engagements
Will you give it a little exam-
ination, and notice it in your
paper, you will thus confer a
great favour on one who is
tailoring on in the work of
Reform.

Yours Truly
John A Lewis
